RUSSIA GIVES IN TO GERMAN TERMS

BOWS IN SUBMISSION TO THE MILITARY AUTOCRACY OF THE CENTRAL POWERS

WAR AIMS OF ALLIES WILL BE UNCHANGED

"Germany's Rape of Russia" Will Not Be Recognized by U. S.—The State Department Waits Official Word from Francis

The Hague, Feb. 25.—A military dictatorship has been proclaimed in Russia, according to information received from Berlin today. Ensign Krylenko has been deposed as the Bolsheviki commander-in-chief. The new Russian commander-in-chief is General Bruejewitsch.

According to Berlin dispatches, Brujewitsch has ordered the troops to fight to the very death to end the dash of the Germans. The Russian situation, already so badly tangled, has been complicated still further by the foregoing information. A dispatch indicated the loyal troops among the army had withdrawn from the Bolsheviki movement and had decided to fight the Germans under another commander.

London, Feb. 25.—The Bolshevist government of Russia, represented by Nikolai Lenine and Leon Trotzky, has acceded to the demands of Germany and announced its readiness to accept the hard peace terms which Germany has laid down.

Thus apparently without further hesitation, the Russians are prepared, in an effort to stop the inroads the Germans are now making into their country, to add to the enemy's already vast holdings more of Russia's most valuable western territory, extending from the Gulf of Finland southward to the Black Sea, and even to withdrawing her troops from Finland and give back to the Turks what has been taken from them in battle.

The surrender seems abject. Russia is immediately to send a delegation to Brest-Litovsk, there to discuss with German representatives the final details of the peace and sign the compact.

German Armies Press Forward.

At last accounts the German armies in the east were giving no heed to talk of peace, but on the contrary were methodically pushing forward their line over the more than 500-mile front from the Gulf of Finland region to Volhynia and still nowhere meeting with any systematic attempts to hinder their progress.

Numerous additional towns have been captured and several thousand more Russians made prisoners. In addition, nearly 3,000 German and Austrian prisoners of war have been liberated by the invaders. Reval, Russia's principal port on the Finnish gulf, is rapidly being approached, notwithstanding the snow-covered roads. The troops here are being pushed forward in forced marches, the desire of the German high command evidently being to capture the port, which would be available, if necessity arises, as a base for operations by a fleet of war vessels against Kronstadt and Petrograd.

Meanwhile the internal situation in Russia continues chaotic. So bad have conditions become in Petrograd that a state of siege has been declared by the military authorities. Looting and other reprehensible deeds will result in sentences of death, it is announced by the Bolshevik authorities, and all explosives must be immediately turned in to the authorities on pain of the holders being declared outlaws. Opposition newspapers have been suppressed and other organs have been warned that inaccurate information published in them will lead to the arrest of the editors and their staffs.

Rumania Into Formal Parleys.

Rumania, cut off from her allies through her disaffection, at last has entered into formal peace negotiations with the Central Powers, according to advices reaching London. Those past masters in Teutonic allied policies, von Kuehlmann and Czernin, respectively the German and Austrian foreign ministers, and Radoslavoff, the Bulgarian premier, are treating with M. Averesco, the Rumanian premier, at a point near Bucharest. Doubtless, as were the terms imposed upon Russia, the peace conditions that will be offered Rumania will be hard ones.

Already they are said to embrace territorial acquisitions for Bulgaria and economic preferences for Germany and Austria.

No Immediate Action by Allies.

Washington, Feb. 25.—"Germany's rape of Russia will not be recognized by either the United States or its Allies at present. The forced peace which is apparently to be consummated by Lenine, Trotzky and their satellites has not changed the general war situation. Officials made this very plain here today. Refusing to indicate what immediate action may be taken they directed attention to declarations already made by the president as spokesman for the Entente and this nation that the "people of all nations must have a say in their government" if lasting peace was maintained. This attitude, they pointed out, makes impossible the acceptance by Germany's enemies of the pending German-made peace which would give part of the richest section of Russia to Germany and make the rest of that anarchy-ridden country a German vassal state, even though a world peace should be suggested on that basis.

The state department is awaiting official report of movements from Ambassador Francis, who is believed to have left Petrograd.

The German terms are:

1. The state of war will be declared at an end by Russia and Germany.

Russia to Evacuate Courland.

2. The regions west of the line indicated by the Russian delegation at Brest-Litovsk are no longer under the territorial protection of Russia. From the region of Dvinsk this line is advanced to the eastern frontier of Courland.

3. Livonia and Esthonia will be immediately cleared of Russians and German police will occupy them until the security of the inhabitants is guaranteed by constitutions. Political prisoners will be immediately released. Russia renounces every claim to intervene in the affairs of these regions. Germany and Austria will define their fate in agreement with the populations. Germany, after the Russian demobilization is complete, will evacuate the regions to the eastern line.

4. Russia will conclude a peace with Ukraine. The Russians will evacuate Finland and Ukraine immediately.

5. Russia will do all that is possible to secure for Turkey a return of her eastern Anatolian frontiers, recognizing annulment of the Turkish capitulation.

Army to be Disbanded.

6. The Russian army shall be completely demobilized, including newly formed divisions.

7. Russian warships in the Black, Baltic and Arctic seas shall immediately be sent into Russian harbor until a general peace is concluded or shall be disarmed. This includes the allied ships in Russian waters. Resumption of merchant navigation in the Black and Baltic seas shall be withdrawn and the Arctic shall be blockaded by mines until the general peace is signed.

8. The Russo-German commercial treaty of 1904 shall be re-established with certain exceptions and immediate negotiations shall be opened for a new treaty.

9. Indemnification shall be made for the expense of maintaining prisoners of war.

No More Propaganda.

10. Russia shall promise to halt governmental private propaganda designed to stir up agitation against the Central empires.

11. These terms must be accepted within forty-eight hours. Russian delegates must go to Brest-Litovski immediately and sign the articles, within three days. These must be ratified within a fortnight.

BRADLEY TRIAL ON

CRIMINAL CASE IS FIRST TO BE HEARD AT COURT TERM

MRS. DAVISON ON STAND

Prosecuting Witness Tells Story of Assault by Auctioneer and Is Severely Cross Examined

The trial of Glen Bradley, charged with criminal assault on Mrs. Livina Davison of Hopkins, began before Judge John M. Dawson in circuit court this morning, the forenoon being occupied with the selection of a jury. Bradley is being aided in his defense by B. J. Gibson of Corning, Ia., state senator from that district, and by Chas. McCaffrey. Prosecutor Sawyers is being assisted by L. C. Cook, of th efirm of Cook & Cummins. From the number of witnesses in the case and the time given by attorneys to preparation for the trial, there is every evidence that it will be one of the hardest fought trials in circuit court in recent years. Many residents of Hopkins and vicinity, together with others who are interested in the trial, almost filled the court room when the case was called this morning.

Bradley sat through the morning with his wife and little daughter, deeply interested in the questions propounded prospective jurors by the attorneys in their efforts to select a jury. The daughter, a bright-eyed child of five or six years, romped merrily about the court room and at intervals snuggled into the arms of her father for a brief caress.

Following the statement of the attorneys for the prosecution and defense to the jury, Mrs. Davison, the prosecuting witness, a rather good looking young woman of slight build, left her seat by her husband to tell on the stand of the alleged assault by Bradley. Mrs. Davison made a good witness, telling a straightforward story, giving direct answers to the questions that were asked her, and refused to be trapped or disconcerted during a severe cross examination by the defense. She occupied the witness stand for nearly two hours.

The jury hearing the case is composed of: W. C. Parrish, J. A. Jobe, W. D. McDonald, Eugene Briggs, Alf Hayworth, Joseph Wirth, E. N. Vansickle, Wm. Grigsby, Mike Sherlock, Harve Waugh, Thomas Parle and John Halasey.

Wade Hampton Pleaded Guilty to the Charge and Was Given Six Months In Jail and $500 Fine

Wade Hampton was given a $500 fine and six months imprisonment in the county jail when he pleaded guilty to violating the local option laws before Judge Dawson in circuit court this morning. Hampton was arrested at Conception Junction yesterday by Deputy Sheriff Purcell. He had purchased a case of whisky in St. Joseph and was his way to Omaha to sell it. 'THE NEW FREEDOM'

DR. COILE IN SERMON TO MEMBERS OF THE D. A. R.

A PATRIOTIC SERVICE

Annual Event at Presbyterian Church Was Also Attended by the G. A. R. and Women's Relief Corps

"When the war is over the world will have a new and higher regard for the honor of womanhood, a more wholesome respect for truth and a deeper understanding of the meaning of righteousness," declared Dr. S. A. Coile, pastor of the Presbyterian church, in his sermon on "The New Freedom," yesterday morning. The service was the annual patriotic meeting of the Daughters of the American Revolution, who attended in a body, together with the members of Sedgwick Post, G. A. R., and members of the Women's Relief Corps. The spirit of patriotism was further evidenced by a profusion of national flags and pictures of George Washington with which the church auditorium was decorated.

Briefly reviewing the 6,000-year struggle of the world for freedom, Dr. Coile said the D. A. R. exemplified the spirit of '76 when colonial independence was sought, the G. A. R. the spirit of '61 when national unity was the object with all organizations typifying the spirit of 1917 when international solidarity, making the world safe for democracy was the great desire of the people.

Said Dr. Coile: "When the war is over there will have been some wonderful results accomplished. There will be a new respect for the truth that shall make men free; there will be a deeper regard for righteousness and the things that turn men's thoughts to God, and the honor of womanhood will have a wider and deeper meaning than it ever had before."

Dr. Coile pictured some of the activities in which the women of this ccuntry are engaged and the wonderful things that are being accomplished under their direction in contrast with which were the humiliation, shame and dishonor suffered by hundreds of thousands of women at the hands of the Huns and Turks. "A new freedom must and will come when it is over," declared the speaker, "and to the women of America and the Allied nations will be due the credit."

A musical program of patriotic and sacred songs was an interesting part of the service, which was attended by an audience that crowded the church auditorium.

TWO COUPLES ASK DIVORCE

Ida Humphrey In Petition Charges Neglect to Support—Wm. C. Joy Finds Life Almost Joyless

The divorce docket at the next term of court is being added to at the rate of several new cases for trial each week, two having been filed today. Mrs. Ida Humphrey asks that the marital bonds between her and her husband, Howard Humphrey, be severed, charging he has refused to support her and to provide the necessaries of life, and that his association with lewd women has been the cause of much suffering to her. The Humphreys were married in September, 1915. Mrs. Humphrey asks that her maiden name of Ida Hopkins be restored.

For William C. Joy, all the joy of life has been taken, he alleges, by the cruel treatment and violent temper of his wife, Sarah F. Joy, from whom he asks to be divorced. The petition also states that she takes her belongings and goes to Arkansas where she remains for months at a time, and also that she has threatened to poison him. The Joys were married at Siloam Springs in 1913 and now reside near Ravenwood. The plaintiff asks possession of their 13-year-old son, Jesse Joy.

SPUDS BRING $75 A BUSHEL

And Hopkins Folks Were Eager to Buy, Paying Fifty Cents Each When Auction Was Held

The highest schedule of 'war prices' yet reached was recorded Saturday at Hopkins when potatoes sold at fifty cents apiece, a bushel bringing the sum of $75—and it wasn't much of a day for potatoes either, the bushel in question being composed of just ordinary spuds.

But the Red Cross needed the money and a kind farmer whose name was not learned took them to the Farmers and Merchants Bank and asked that they be sold for the benefit of the society. J. C. Pistole, cashier, decided the potatoes should bring a price and forthwith took them to the street where he collected a crowd and told them they would be sold at auction. He started the bidding on single Murphies and with a bid of 50 cents reached, none were allowed to be sold under that price and soon the entire bushel was gone and $75 was in the Red Cross treasury.

Following Inquiry From Government Effort Will Be Made to Install Additional New Equipment

On Wednesday, February 20, there was a meeting held in the reception rooms of St. Francis hospital, attended by the physicians of the city. They were called to the meeting by Rev. Mother M. Augustine, superior of the hospital, for the purpose of reorganizing the staff. The result was as follows:

Mother M. Augustine received a letter recently from Washington, D. C., containing a questionnaire regarding the capacity, service, medical, staff, X-ray and laboratory, which they requested her to fill and return. In another letter from the American College of Surgery she was urged to make all possible efforts towards equipping the hospital with all the latest modern apparatus in order to bring it into class "A" in teh standardization of hospitals. This will be a considerable expense to the hospital, the cost having been roughly estimated at $5,000. But since the installation of an X-ray and laboratory will not only improve the hospital, but also be of great benefit to the citizens of Maryville and surrounding country, the Sisters confidently hope that their numerous friends and benefactors will assist them in defraying the expenses, as they have heretofore done. Any donations, large or small, will be gratefully accepted by the Sisters.

Battle Hymn of the Red Cross.

(Paraphrased by C. L. Padgett to the tune of "Battle Hymn of the Republic.")

Our eyes have seen the glory of the
workings of Red Cross,
It is ministering to the dying where
the grapes of war are dross;
It has shown such loving kindness
and regardless of the cost,
Red Cross is marching on.

CHORUS

Glory, Glory, Hallelujah;
Glory, Glory, Hallelujah;
Glory, Glory, Hallelujah;
Red Cross is marching on.

It has sounded forth the trumpet that
shall never call retreat,
It is calling to the hearts of men
who'll never know defeat;
So be quick, my friends, to answer
with thy purse its needs to
meet.
Red Cross is marching on.

We have seen its members working
in a hundred circling camps;
They are giving their service gladly
in the evening dews and damps;
We can see them working faithfully
by the dim and faltering lamps.
Red Cross is marching on.

In the beauty of their girlhood they
are borne across the sea,
With Old Glory floating o'er them as
it does both you and me;
As they die to aid the suffering, let us
do our best to see
That Red Cross goes marching on.

The auxiliary at Hopkins sent in last week the following articles: 50 absorbent pads, 250 8x4 compresses, 75 4x4 gauze wipes, 30 paper back pads, 50 No. 2 absorbent pads.

Red Cross work at Hopkins is marching right along. A bushel of potatoes donated by Ed Webb being sold for $10 and the ladies of the Maple Grove Ladies Aid Society of the Methodist church giving $20.50, the proceeds of the sale of a quilt and pillow sold at the Kent sale.

The Parnell auxiliary have given $19.50 to the Red Cross, the sum being realized at the Red Cross sale. A dozen eggs donated by Mrs. B. F. Mumford brought the record price of $7.50.

An auxiliary has been formed in the Butler district near Burlington Junction. The ladies met last Wednesday afternoon at the home of Mrs. Roy Sharp. Officers were chosen but the name and motto will be selected at a later meeting. The next meeting will be held Wednesday at the home of Mrs. Dick Brooks.

Since November 27, when the Willing Workers of Barnard were organized, 4,503 articles have been made and shipped to the Nodaway chapter as follows: 4,313 surgical dressings, 60 garments, 24 sweaters, three pairs of socks, seven helmets, nine pairs of wristlets, ten handkerchiefs, four napkins, 43 wash cloths, eleven pillows and nineteen comforts.

Supt. J. M. McDonald, director of the Junior Red Cross, is in receipt of a check for $18, being the sum contributed to the work by the pupils of the Burlington Junction schools.

Wives and mothers who have sons and husbands in the service and are confronted with problems they are unable to understand or to solve, should call on some member of the Home Service department. They will undertake to give any needed information concerning benefits to be had from the government and help in many ways. There is no charge for the service and it often means saving a family from being disrupted and keeping family ties together to have their assistance. Miss Betty Turner, Mrs. L. E. White and Geo. Robb Ellison are members of the Home Service section. Red Cross workers and instructors will do a valuable service by spreading this information.

The Mutual auxiliary of Burlington Junction, Miss Arvella Staples, instructor, sent 640 surgical dressings to the chapter last week. At their meeting Friday afternoon the members made 243 dressings.

The Rockford auxiliary of the Red Cross met last Wednesday and completed 525 dressings. This auxiliary meets every Wednesday at the home of Mrs. Henry Wells.

Has Your Sammy A Wrist Watch?

Once a man's wrist watch was a fad—now it's a necessity—especially in the army or navy. It has been found that the most useful timepiece possible for the soldier is the military wrist watch.

It will enable him to be "on the dat" in every duty and every emergency. It might prevent disaster that could occur on account of missing time. A pocket watch is cumbersome, awkward and easy to lose—send your Sammy a military watch.

THIS GREAT CHALMERS ENGINE TOLLS THE KNELL OF "WINTER TROUBLES" IN MOTOR CAR POWER PLANTS

Have you observed how many new Chalmers there are in the streets these winter days?

This is because they are free of what the garages call winter troubles. Practically every one of these troubles in other cars begins with inability of the engine to start on a cold day.

These current Chalmers are winter equipped with a clever device known as a "hot spot" (which cracks up the raw gas into a most minute vapor; then warms it up) and a remarkable device known as a "ram's-horn" manifold (which hastens the gas on to quick explosion in the cylinders).

Little of the unburned gas comes out of the exhaust.

Very close to 100% power is shot to the rear wheels. And quick power, too; not the hesitating, lingering sputtering kind.

Hence not only quick starting but the attainment of high power in a jiffy. (And all on a grade of gas that is not what gas once was).

Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame.

If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store, Anuric (double strength). The cost is 60c. This "An-u-ric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce 10c for trial pkg.

LAMAR, Mo.—"It was impossible for me to void the kidney secretion without the use of a catheter, consequently serious complications arose. Water became foul and caused great irritation and much pain. Everything advised did no good. I saw Dr. Pierce's advertisement claiming merit for 'Anuric.' I sent for a package and soon discovered that it brought relief. I have used Anuric ever since. The water is natural now, my health good, appetite splendid. I most assuredly feel that Anuric is a great remedy for bladder troubles."—H. H. FLEISHER, Box 896.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle to-day at any drugstore, and you will see results from the right treatment. Write for expert medical advice, which you can get without cost, by addressing Medical Director, 1 Swift Laboratory, Atlanta, Ga.

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.
